Alerion Clean Power: €66.4 million in project financing granted for two wind farms in Puglia with a total installed capacity of 62 MW

Milan, 9 June 2022 – Alerion Clean Power S.p.A., through its subsidiaries Enermac S.r.l. and Naonis Wind S.r.l., has signed a project financing agreement for a total of €66.4 million with UniCredit and Cassa Depositi e Prestiti (CDP), part of which has already been disbursed.

The credit line, structured according to the Green Loan Principles¹ issued by the Loan Market Association, is intended for the two wind farms at Orta Nova and Cerignola (Puglia), which gradually entered into production in May with an installed capacity of 51 MW and 11 MW respectively. The expected annual output of the two plants when fully operational will be approximately 175 GWh.

Under the agreement that has just been concluded, UniCredit acted in the capacity of Structuring Mandated Lead Arranger, Bookrunner, Sustainability Coordinator, Agent Bank, Custodian Bank and Hedging Bank, while CPD acted as Mandated Lead Arranger.
